

KD305RW
Exploded View

The diagram illustrates the exploded view of the KD305RW refrigerator, showing the main body (39) and various internal and external components. The components are numbered 1 through 64, indicating their assembly order. The main body (39) is shown with its internal shelves and drawers. The external components include the top panel (1), side panels (2, 3, 4, 5), and the bottom panel (6, 7, 8). The internal components include the main panel cover (56), the cold storage air foam (28), and the cold storage air foam (28). The diagram also shows the main panel cover (56) and the cold storage air foam (28) being installed into the main body (39). The exploded view shows the main body (39) and various internal and external components. The components are numbered 1 through 64, indicating their assembly order. The main body (39) is shown with its internal shelves and drawers. The external components include the top panel (1), side panels (2, 3, 4, 5), and the bottom panel (6, 7, 8).
