

Model : MC-HF645

This exploded view diagram illustrates the assembly of the MC-HF645 unit. The components are numbered as follows:

- 1**: Main chassis or base unit.
- 2**: A small rectangular component, possibly a filter or sensor, mounted on the chassis.
- 3**: A long, narrow component, likely a control panel or display, with four screws (17) and spacers (18) for mounting.
- 4**: A U-shaped bracket or support structure.
- 5**: A set of four L-shaped brackets.
- 6**: A set of four L-shaped brackets, similar to 5 but with different mounting holes.
- 7**: A circular component, possibly a fan or filter, mounted on the brackets.
- 8**: A circular component, similar to 7, mounted on the brackets.
- 9**: A large rectangular panel or cover, shown in two positions (top and bottom).
- 10**: A circular component, possibly a fan or filter, mounted on the brackets.
- 11**: A set of four L-shaped brackets, similar to 5 and 6.
- 12**: A set of four L-shaped brackets, similar to 5 and 6.
- 13**: A set of four L-shaped brackets, similar to 5 and 6.
- 14**: A cable with three colored wires (red, yellow, green) and a black wire, connected to the chassis.
- 15**: A long, narrow component, likely a control panel or display, with two screws (16) for mounting.
- 16**: A U-shaped bracket or support structure.
- 17**: Four screws used for mounting the control panel.
- 18**: Four spacers or standoffs used for mounting the control panel.
- 19**: A circular component, possibly a fan or filter, mounted on the brackets.
- 20**: A small L-shaped bracket or support structure.
